

# Welcome

Thank you very much for your interest in my artwork.

I have been painting beloved family pets for over 14 years, and I understand the importance of capturing their spirit in an artistic way. Most of my paintings are for my clients to give as presents to loved ones. See my 'most popular' stickers in this document.

It is as simple as sending over your best photos, and I make sure your acrylic painting is exactly as you'd like it before framing, wrapping and sending your artwork to you.

Here is a guide to tell you everything you need to know about the process and a photo guide to help you take some nice shots- the better the photo, the better the painting.

If you have any other questions please don't hesitate to ask!

## Step by step

Here's a simple break down of the process

## Photo Guide

Before sending your favourite photo of your pet, please first consider these points!

Feel free to send a selection of high quality images, and we can discuss the best one for your painting. If you are sending images of an animal that isn't your own or who has passed away, please send as many photos as you can so that I can get a good sense of their character and features.

### In Focus

Make sure your image is in focus and not blurry. Get nice and close without using the zoom function, take several photos!

### Eyes

Make sure those beautiful eyes are in your shot! A sleepy pet is cute but doesn't make a great painting. Your animals personality shines through their eyes.

### Lighting

Near a window or outside in the day light is perfect. All those important details can be seen and therefore be in your painting.

I always say- the better the photo, the better the painting

# Framing and Background

## Frame choices

You can choose between:

White with a white mount

or

Black with a white mount

Wooden, faux wood or metal frames can be sourced at an additional cost specifically for your painting, options can be emailed to you once you have paid your deposit

## Canvas

If you'd prefer your painting on canvas, just let me know when you email your enquiry.

I use deep edge canvas only as I feel this is higher quality. If you'd like your canvas framed, this is an additional cost but looks very luxurious.

## Background choices

White/plain card background

Coloured background of your choice

An abstract version of the background of your photo

If you aren't sure, please let me know and I'd be happy to advise you on what would look best

## Recommendations

Don't just take my word for it, check out these reviews from my Facebook, Google Business Page and Instagram.

We commissioned Kate to do a portrait of our dog Bramble. We were not disappointed, the painting is fantastic and the attention to detail is amazing. The whole process from initial contact to the painting arriving was second to none. A brilliant experience and one that I'm sure we'll endeavour to use again.

A massive thank you to @artistkatefield for the most adorable, stunning and personal painting of Buster. (I am sure a request for a portrait of a hamster is unusual!) You took such care, time and your friendly approach made the whole process such a pleasure. Laura is so pleased with it and it brought a happy emotional tear to all of our eyes Christmas morning! We can not recommend @artistkatefield highly enough, you will not be disappointed with her work, she is one talented lady!

Julie

Amazing artist and seller! Very informative on how long the process takes and keeps you up-to-date with everything along the way. Seems to suit to your needs and desires as much as they can for your particular piece.

Fantastic artist overall, captured the dog I wanted a painting of tremendously well. Wasn't just a 2D painting, it was brought to life! The colours used and size of ornament was very cute and beautifully done. Delivery was very fast and packaging was well thought-out with detail. Will absolutely recommend! The recipient of the gift cried with happiness once the painting's likeness was seen! Thank you Kate Field!
